**We heard you!**

Here are your Ontario Perception of Care 2018 survey results

**Acute Care inpatients**
What is the Ontario Perception of Care Survey (OPOC)?

Each year, we ask patients and families to tell us about their care at CAMH by completing the OPOC survey. The valuable feedback we receive helps us understand what we are doing well, and where we need to make improvements.

For example, patients have said that they want better inpatient programming. In response to patient feedback, CAMH is constructing the Therapeutic Neighbourhood as part of hospital redevelopment to provide programming that:

- meets patients’ interests and goals
- is more accessible
- is more frequently offered
- is more skills based.

The Therapeutic Neighbourhood will be a dynamic, interactive environment for learning new skills.

Overall experience

We heard you say that...

WHAT’S GOING WELL...

- Staff are knowledgeable, competent, and believe you can change and grow.
- Staff are sensitive to your cultural needs.
- Programs accommodate your dietary and accessibility needs.
- Guidelines to contact family and friends are appropriate.

WHERE WE CAN DO BETTER...

- You need more help with discharge plans that better meet your needs.
- You want more activities during free time.
- You need more information about your medications.
- You need more information about how to make a formal complaint.

WHAT’S ALSO GOING WELL...

- You are seen on time for appointments.
- You are given private space for discussions.
- You are treated respectfully.

WHERE WE CAN ALSO DO BETTER...

- You want faster access to services.

Share your ideas!

What are your ideas for how we can improve?

What should we continue doing, or do more of?

Please give this section to your unit clerk, or put it in the suggestion box at the Family Resource Centre at 100 Stokes Street, Room 1314 (main floor). You can also submit feedback online at https://www.surveymonkey.com/r/B6RW2TX
