What is the Ontario Perception of Care Survey (OPOC)?

Each year, we ask patients and families to tell us about their care at CAMH by completing the OPOC survey. The valuable feedback we receive helps us understand what we are doing well, and where we need to make improvements.

For example, families have said that they need more information about the programs and services available to them. One way CAMH provides more information to families is through the Family Resource Centre (FRC). The FRC provides all families access to information, resources and assistance with navigating the mental health and addiction system.

The FRC is located at 100 Stokes Street, ground floor, room 1314. Family members are encouraged to drop in Monday to Friday 9:00 a.m. to 4:45 p.m. or call 416 535-8501 ext. 33202.
