Adult Probation, Parole, and Mental Health Diversion Referrals to the Sexual Behaviours Clinic (SBC)

The SBC provides multidisciplinary assessment and treatment services for individuals with sexual behaviours or urges that have resulted in personal or legal difficulties. The initial assessment consists of an interview and may also include phallometric assessment, if it is deemed clinically relevant by SBC staff and the client provides informed consent.

*Referrals for this population can only be made by probation, parole, or mental health diversion workers.*

For YCJA involved individuals, please contact the Intake Coordinator at 416-535-8501 ext. 32510 **BEFORE** sending in the referral.

**Please note the SBC **DOES NOT** offer services to people:**

- With pending sexual offence charges or sexually motivated offences
- Appealing a sexual offence conviction
- Currently in custody
- Seeking parenting capacity assessments
- Seeking a risk assessment

*If you have any questions about this criterion, please call 416-535-8501 Ext: 32510.*

**Referrals must include:**

- CAMH Adult Referral Form (write “Probation referral for Sexual Behaviours Clinic” as your reason for referral to allow Access CAMH to direct your referral to our clinic)
- CAMH Legal History Form
- Consent to Disclosure PHI
- Phallometric Testing Consent Form (please note: there is space on the form to indicate that the client is declining testing)

**Other optional documents to include:**

Pre-sentence reports, risk assessments, psychiatric reports, psychological testing, probation orders, any other relevant documents or assessments.

**Send completed referrals to:**
