

# Register for the most intensive hands-on training course in rTMS!

In collaboration with the University of Toronto, the Temerty Centre is offering a **4-day program** in the clinical applications of rTMS to psychiatrists and physicians.

## The Temerty Centre for Therapeutic Brain Intervention

Due to the increased demand for the use of rTMS in the treatment of psychiatric disorders, we predict there will be a sharp increase in **the need to use rTMS as a treatment for psychiatric disorders.**

**camh**  
mental health is health

### Upon completion of the course, attendees will be able to:

- Summarize evidence-based rTMS treatments for psychiatric disorders
- Determine clinical applications of rTMS
- Clinical indication and patient selection
- Determining motor threshold
- Gain extensive hands-on experience with rTMS
